EVIDENCE GUIDE

The evidence guide provides advice on assessment and must be read in conjunction with the Performance Criteria, Required Skills and Knowledge, the Range Statement and the Assessment Guidelines for this Training Package.

Critical aspects for assessment and evidence required to demonstrate this competency unit:

- This unit is most appropriately assessed in the workplace or a simulated workplace environment under the normal range of work conditions.
- Assessment should be conducted on more than one occasion to cover a variety of circumstances to establish consistency.
- Holistic assessment of this competency unit is encouraged, to ensure application of these skills in conjunction with specific work functions. However, the unit may be delivered and assessed independently.

Access and equity considerations:

- All workers in the health industry should be aware of access and equity issues in relation to their own area of work.
- All workers should develop their ability to work in a culturally diverse environment.
- In recognition of particular health issues facing Aboriginal and Torres Strait Islander communities, workers should be aware of cultural, historical and current issues impacting on health of Aboriginal and Torres Strait Islander people.
- Assessors and trainers must take into account relevant access and equity issues, in particular relating to factors impacting on health of Aboriginal and/or Torres Strait Islander clients and communities.
